

Sharing Garden Report June 2013

Accomplishments

- All plots are rented and started.
- Secured place and date for Harvest Dinner, Gloria Dei September 21

Efforts requiring Board approval

A.

Proposal to board to grant sharing garden a line item in the bookkeeping. Monies from plot rental fee and designated donations will apply. Permission to use those funds as sharing garden chairperson sees fit.

1. Cuts down on board meeting time to discuss purchases and needs.
2. Allows focus and money to be spent on house restoration. No requests for funds from garden, use what we have

Future costs to plan for:

Fence

Paint

Hoses

Spray nozzels

B.

Permission to hold fundraisers to raise money to expand the garden. Fundraisers and expansion plans to be approved by board.

C.

Permission to purchase a water meter to measure amount of water used in one month and amount of rain to determine peak growing season usage and if current well can handle more activity. Approx $\$20 \times 4 = \80

Future concerns or needs

Many requests to expand garden

Would bring in new members=more mon
